To Council - Fort Good Hope

Subject: Planned Exploration Activity

Northern Engineering has notified the Northwest Lands and Forest Service of the Department of Indian and Northern Affairs of the Companies plans to conduct a pipeline operation in the area north of Fort Good Hope. Information on the operation is appended with a map.

Your Councils comments based on local knowledge of the environment and your use of the area in which the proposed operation is to be conducted would be of assistance in preparing environmental conditions for this operation.

Would you please make comments direct to the office of the District Superintendent, Northwest Lands and Forest Services, Department of Indian and Northern Affairs, P.O. Box 2020, Inuvik, N.W.T., Phone 979-2938, Telex 034-44524 or to the Resource Management Officer, Northwest Lands and Forest Services, Norman Wells, Phone 587-2310, Telex 034-46518.

Should you feel that your comments do not reach our office by the date listed below please feel free to call us collect with your comments. I would like to take this opportunity to point out that should you find some conflict with an operation at any time please feel free to contact our offices in person, by letter, telex, or a collect phone call.

Your comments on this proposed program would be appreciated by May 27, 1975.

Yours truly,

C.J. Cuddy,
A/District Superintendent,
Northwest Lands & Forest Services.
